DETAILED ACTION

1. The Examiner has carefully considered Applicant's response filed April 21, 2004.

All rejections have been overcome in view of the present amendment and accompanying remarks.

Reasons for Allowance

2. Claims 17, 18, 20-28, and 61-64 are allowed.

3. The following is an examiner's statement of reasons for allowance: the rejections have been overcome by the present amendment and accompanying remarks. While Dinkel (US 3,284,980) and Huege et al. (US 6,395,205) are believed to be the closest prior art, they fail to teach that the moisture-resistant resin layer covers at least one of the first or second major surfaces of the cement and incorporates the fibers therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
